To whom it may concern,

I have had the pleasure of working with Artecon Development Inc. and strongly recommend them.

I closely worked with Mr. Johannes Masehi in 2006 in designing my modern, innovative, two-story, 1400 square feet dental office.

I found his efficiency, responsiveness, and attention to detail to be a great fit with my vision.

I would highly recommended Artecon Development to anyone who is looking for exceptional architecture and design.

Sincerely,

Lita Hermansjah, DDS
